Report of the Committee on the Powers and Duties
of the Athletic Council

The Committee makes the following recommendations:

That Bill 179 originally approved by the Faculty Senate on May 22, 1967 and disapproved by the President on June 9, 1967 be approved by the Faculty Senate.

To be added to Section 5.1.3, part e, page 26 of the University Manual. The complete section with the additions underlined would read as follows:

- e. POWERS and DUTIES. The Council will supervise and control men's intercollegiate athletics subject to the final approval of the Board of Trustees.

The Council will direct the expenditure of athletic funds. These funds will remain in the custody of the University.

The Athletic Council will be consulted before recommendations are made to the Board of Trustees by the President for appointments and terminations of appointments of coaching staff members, and before commitments are made to prospective appointees. Generally provisions similar to those described in paragraph 4.5.6, page 22 of the University Manual will apply. This consultation will be restricted to qualifications for coaching only, and this provision will apply only to the extent that the appointees' responsibilities involve men's intercollegiate athletics, and not to their other duties, when joint appointments are involved.

Remarks: The Committee is of the opinion that for the Athletic Council to, "... supervise and control men's intercollegiate athletics ..." it must be consulted in the appointment and termination of appointment of all coaches in the various sports programs. To do anything less makes the words, "supervise and control" meaningless.

President Horn's disapproval was based on his opinion that the case of a faculty member, who is also a part-time coach, should not be brought before the Athletic Council. The Committee considers that the legislation in question is clear and explicit on this point.
